

Mood Disorder Questionnaire

Patient Name:

Date of Birth:

Patient No:

Date:

Please answer each question to the best of your ability.

1. Has there ever been a period of time when you were not your usual self and...	YES	NO
...you felt so good or so hyper that other people thought you were not your normal self or you were so hyper that you got into trouble?		
...you were so irritable that you shouted at people or started fights or arguments?		
...you felt much more self-confident than usual?		
...you got much less sleep than usual and found that you really didn't miss it?		
...you were more talkative or spoke much faster than usual?		
...thoughts raced through your head or you couldn't slow your mind down?		
...you were so easily distracted by things around you that you has trouble concentrating or staying on track?		
...you had more energy than usual?		
...you were much more active or did many more things than usual?		
...you were much more social or outgoing than usual, for example, you telephoned friends in the middle of the night?		
...you were much more interested in sex than usual?		
...you did things that were unusual for you or that other people might have thought were excessive, foolish, or risky?		
...spending money got you or your family in trouble?		
2. If you checked YES to more than one of the above, have several of these ever happened during the same period of time?		
3. How much of a problem did any of these cause you – like being unable to work; having family, money or legal troubles; getting into arguments or fights?		
No Problem	Minor problem	Moderate problem
		Serious problem

Scoring

In order to screen positive for possible bipolar disorder, all three parts of the following criteria must be met:

- "YES" to 7 or more of the 13 items in Question 1 **AND**
- "YES" to Question number 2
- "Moderate Problem" or "Serious Problem" to Question 3
