

# Your Life. Our Specialty.

## Florida Medical Clinic will help you get the support and help you need from our Care Management Team.

Your Care Management Team is here to help:

- **Coordinate your care** by working with your doctors, hospitals, and nursing homes to make your care easier
- **Remind you of important appointments** and services
- **Follow up with you** after recent hospitalizations
- **Get the care you need** when you need it

### CARE MANAGEMENT IN ACTION

Mike's Story

Mike is short of breath and goes to the hospital

Mike learns he has asthma

Care Manager reaches out to Mike within 2 days of being discharged from the hospital and helps him schedule his follow up appointments

Care manager educates Mike on managing asthma and how to take medications
